

# Some of our most popular Leadership Development Workshops

## Mastering Feedback

Learn why feedback is the secret to unlocking the true potential of your people

## Team Alignment: Creating Shared Purpose

Build strong, productive teams united by a common purpose that inspires optimism for a future that everyone is building together

## Coaching Conversations: How to Stretch Others

Move people out of their comfort zone through a structured coaching process that elevates their expectations of themselves and drives them to new levels of performance

## Empathetic Leadership: Engage Others

Create a culture where team members feel their leader understands them, values their input, and gives them a strong sense of belonging

## The Power of Listening

How to master active listening, allowing you to more effectively connect with, and influence, others.

## Leading Change

Shift leaders from feeling helpless in the face of change to believing they can create conditions that will allow people to adapt and succeed

## Leadership Influence: Choose Your Attitude

Optimize your influence as a leader by adopting a mindset where your communication is driven by authenticity, authority, empathy and purpose.

## Coaching for Excellence: Growth Mindset

Shift leaders to a "growth mindset," where they're willing to invest energy in developing their people and strengthening their teams

## Situational Leadership: Flex My Style

How to adapt your leadership approach to have a big impact in different individuals across many situations

## Leading in Uncertainty

Knowing and practicing what it takes to thrive in a volatile, uncertain, complex and ambiguous environment – to be a lighthouse in a storm
